

## Year 1 Curriculum Overview Spring Term 1

<u>English</u> Pupils will study humorous stories such as 'The Day Louis Got Eaten' and will have a go at writing their own humorous stories. Pupils will also learn about instruction texts and the ways that these differ from stories. The children will look at poems and will participate in writing their own poem about their senses.

## <u>Maths</u>

Pupils will continue to practise the skills of adding and in particular subtracting numbers within 20 and complete missing number questions and puzzles to enable them to develop their reasoning skills. Pupils will start to practise their place value knowledge with numbers up to 50, including length, weight and capacity.

<u>Phonics</u> – Pupils will continue to follow the Read Write Inc scheme for phonics and will read independently within all daily phonics lessons. They will be grouped according to their stage on the programme and will learn to read, write and spell words that contain the focus sounds. Pupils will also continue to build upon their knowledge of everyday 'red words' which cannot be decoded as they

do not follow a specific phonic pattern.			
<u>Science</u>	<u>Humanities – History</u>	<u>Art and Design</u>	<u>Computing</u>
